Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in League City, Texas, movnig slowly with my headlights on and my mirrors checked. As I reversed, I felt a jolt and heard a loud crunch. I stopped immediately and got out to find that my rear bumper had struck the front corner of a silver sedan that was coming down the aisle. I did not see it approach, and I accept that I should have looked over my shoulder more carefully before moving. The other driver and I exchanged insurance information, and a store employee came over to take a short statement. My left wrist was hurt when I braced myself against the steering wheel, and I later learned it was fractured. I have attached photos of both vehicles and the damage to the rear of my car.
