Claim Notes

Claim number:	C-1018
Claimant:	Alejandro Neal
Adjuster:	Darin Tyler

2025-02-28 - Claim opened following a low-speed collision in a retail parking lot. Insured reports rear bumper contact while reversing. Claimant vehicle reported with rear quarter panel damage. Claimant reports wrist injury at scene and was transported to urgnet care. Police report not filed; scene photos requested from insured.

2025-03-07 - Claimant has retained counsel. Representation letter received requesting all further communication go through the attorney's office. Direct contact with claimant suspended. Liability appears probable based on insured's statement and witness account of the reversing vehicle. Preliminary file review completed.

2025-03-14 - Attorney's office provided medical records indicating a fracture of the wrist with a cast applied and follow-up with an orthopedic specialist scheduled. Treatment is ongoing. Bodily injury reserve set pending receipt of full treatment timeline and billing. Requested an independent medical review to confirm the extent of the fracture and expected recovery period.

2025-03-19 - Vehicle inspection completed by a field appraiser. Rear bumper replacement, quarter panel repair, and taillight assembly replacement recommended. Repair estimate received from the body shop and reviewed. Attorney's office notified that the property damage portion of the claim is being processed separately from the bodily injury claim.

2025-03-26 - Demand package received from claimant's counsel including medical bills, wage loss documentation, and a narrative of the claimed injury impact. Demand is under review against medical records and liability assessment. Scheduled a negotiation call with counsel and noted that the file requires supervisor sign-off before any offer is extended.

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you please state your full name for the record?

A: I'd rather just keep it to the facts, but sure. [Claimant name withheld] for the file.

Q: Understood. Can you walk me through what happened in the parking lot?

A: I was pulling out of a space near the store entrance, gonig slow, maybe five miles an hour. A white pickup came down the aisle fast and clipped the rear quarter panel of my car. I tapped the brakes, but there was no time to do more than that.

Q: Did you see the pickup before the impact?

A: Not really. I heard the engine revving, and then it was on me. I didn't have a clear line of sight because a van was parked on the right side.

Q: Were you wearing your seatbelt?

A: Yes. The airbag did not deploy, but the belt held me.

Q: Did you hit anything with your hands or arms during the collision?

A: I grabbed the steering wheel hard and twisted my left wrist against the door frame when I was thrown sideways. That's when the pain started.

Q: Have you received medical treatment since the collision?

A: Yes. I went to urgent care that evening and they took X-rays. They said the wrist was fractured and put me in a cast. I'm seeing an orthopedic specialist next week.

Q: Are you currently experiencing any other injuries?

A: Some neck stiffness and soreness in my shoulder, but the wrist is the main problem. I can't grip things well and I'm off work for now.

Q: Did you give a statement to anyone at the scene?

A: I spoke briefly with the other driver and gave my information to a store employee who came out to look.

Q: Is there anything else you'd like to add?

A: Only that I was not speeding and I did everything I could to avoid the collision. I'd like the claim handled as quickly as possible.

Q: Thank you. We'll follow up in writing once we've reviewed the records.
