Officer's Narrative: On arrival at the intersection in Sugar Land, Texas, I observed two vehicles with visible front-end and side damage resting in the roadway. Driver 1 stated that they were traveling straight through the intersection when Driver 2, operating the second vehicle, made a left turn across their path. Dirver 2 stated that they began the turn when the intersection was clear and did not see Driver 1 approaching. Both vehicles were operable and were moved out of the travel lanes. A passenger was seated in the front right seat of Driver 1's vehicle and was not injured. Driver 1 reported pain in the left knee and stated they were able to exit the vehicle with assistance. Traffic signal status was noted as green for Driver 1's direction. Driver 2 was issued a citation for failure to yield the right of way while turning left. No further injuries were observed.
