Phone:	281-555-8404
Vehicle:	2017 Jeep Cherokee
License plate:	36LK6
Injuries reported:	neck strain
Investigating officer:	Officer Christian Conrad, Badge 1039

Officer's narrative

Officer narrative: On arrival at the scene in Baytown, Texas, I observed two vehicles stopped in the right and center lanes of the roadway with visible contact damage to the left rear quarter panel of Driver 1's vehicle and the right front fender of Driver 2's vehicle. Driver 2 stated that they were attempting to change lanes to the left when their vehicle dirfted into the adjacent lane and contacted Driver 1's vehicle. Driver 1 stated that they were traveling in the center lane, did not see the other vehicle until contact occurred, and was unable to avoid the impact. A Passenger in Driver 1's vehicle was present and gave a consistent account. Driver 1 reported neck strain and stiffness and requested medical evaluation; emergency medical services were notified and responded to the scene. Both vehicles were operable but were not driven from the roadway until photographs and measurements were completed. Weather was clear and the road surface was dry. Traffic citations were not issued at the time of this report, pending further investigation.
