Description of the accident (claimant's words)

I was driving home from work on a weekday afternoon, moving slowly through a busy intersection in Katy, when the car in front of me stopped suddenly. I braked as hard as I could, but the vehicle coming toward me crossed into my lane and our front bumpers met head-on. The impact was low speed, but my head snapped forward and struck the steering wheel. I felt dizzy, had a ringing in my ears, and a headache that got worse over the next hour. The other driver and I both pulled over safely. Paramedics checked me at the scene and advised me to go to the hospital, where I was diagnosed with a concussion. My doctor has placed me on rest and limited screen time, and I have had to stop driving for a short period. I am submitting this statement to document what happened and the injuries I sustained.
