Description of the accident (claimant's words)

I was backing out of a parking space at the shopping center on a busy afternoon when I felt a hard jolt. I had checked my mirrors and moved slowly, but another vehicle came through the lane behind me and our bumpers met. I stopped right away, turned off the engine, and got out to check on the other driver. Both of us were shaken, but we exchanged information and wiated for the store's security staff to come over and take a report. My rear bumper is cracked and the taillihgt is broken. Later that evening I developed a severe headache, sensitviity to light, and confusion, so I went to urgent care and was diagnosed with a concussion. The doctor told me to rest and avoid screens for several days. I am still following that advice and have missed work since the accident.
