Recorded Statement

Claim number:	C-1026
Statement of:	Kelly Evans
Taken by:	Darin Tyler
Date:	November 24, 2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on a recording, if that's okay. You can refer to me as the passenger.

Q: That's fine. Can you tell me where you were when the accident happened?

A: I was riding in the front passenger seat of my friend's car. We were stopped at a traffic light on a main road in Conroe, Texas.

Q: What happened next?

A: We were sitting there for maybe thirty seconds when the car behind us hit us from the rear. It was a hard impact. Our car lurched forward and my head snapped back and then forward.

Q: Did you hit anything inside the vehicle?

A: No, I didn't hit the dashboard or the window. But my neck felt like it was yanked, and I felt it right away.

Q: Did you seek medical attention?

A: Yes, the same day. An ambulance took me from the scene because I couldn't turn my head without pain. They checked me out and then I went to a clinic the next morning.

Q: What treatment have you received since then?

A: I've had physical therapy three times a week, and they gave me a soft collar to wear at night. I also take prescription anti-inflammatories, and I still get headaches most afternoons.

Q: Have you had any prior neck or back problems?

A: Not that I can recall. I had no ongoing treatment before this. I was healthy and active.

Q: Are you still working?

A: I've been out of work for a few weeks because sitting at a desk makes the pain worse. My doctor has given me restrictions on lifting and driving.

Q: Is there anything else you'd like to add?

A: Only that I'm still hoping to get back to normal. I'm grateful for the care I've received, and I'd like this claim handled fairly.

Q: Thank you. This concludes the statement.

A: Thank you.
