Claim Notes

Claim number:	C-1029
Claimant:	Christopher Schneider
Adjuster:	Alison Sweeney

2023-10-29 - Claim opened following side impact collision at intersection. Insured vehicle was struck on the driver side by a vehicle that failed to yield at the controlled intersection. Police report requested. Claimant reported wrist fracture and was transported by EMS to the emergency department.

2023-11-03 - Claimant's attorney has notified this office of representation and requested that all further contact be routed through counsel. Letter of representation placed in file. Medical authorization forms sent to counsel for signature.

2023-11-04 - Received initial medical records from the emergency department. Diagnosis confirms distal radius fracture of the claimant's left wrist, treated with closed reduction and splinting. Follow-up orthopedic consult scheduled. Reserve reviewed and adjusted to reflect the injury severity.

2023-11-10 - Liability review in progress. Scene diagram and witness statement obtained. Available evidence indicates the at-fault driver entered the intersection against a red signal. Third-party carrier contacted to confirm coverage limits and open a parallel claim for the at-fault party.

2023-11-17 - Counsel submitted a demand package including mdeical bills, wage loss documentation, and a treatment summary. Demand is under review. Requested clarification from counsel on outstanding physical therapy records before evaluation can be completed. File remains open pending receipt.

Recorded Statement

Claim number:	C-1029
Statement of:	Christopher Schneider
Taken by:	Alison Sweeney
Date:	2023-11-04

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision at the intersection in Pasadena, Texas. Please state your full name for the record.

A: I'd rather just leave my name out of it, if that's okay. The collision is what matters, right?

Q: That's fine for the transcript. Can you describe where you were when the collision happened?

A: I was driving through the intersection on a green light, heading straight through. The other car came in from the cross street on my right side.

Q: Did you see the other vehicle before impact?

A: Not really. I glanced left, saw nothing coming, and then it was right there. I braked, but there wasn't time.

Q: How fast do you estimate you were traveling?

A: Maybe thirty-five, close to the speed limit. I wasn't speeding.

Q: Was anyone else in your vehicle?

A: No, I was alone.

Q: Can you tell me about your injuries?

A: My left wrist took the worst of it. I put my arm out agianst the door and the steering wheel when the car spun. The doctor says it's a fracture. I've got a cast and I'm supposed to see a specialist next week.

Q: Did you receive medical treatment at the scene or afterward?

A: An ambulance took me from the scene to the emergency room. They X-rayed the wrist and set it, then sent me home with instructions.

Q: Is there anything you'd like to add about how the collision happened?

A: Only that the other driver's car came out of nowhere. I was following the signal and doing what I was supposed to do.

Q: Thank you. That concludes the statement.

A: Okay, thanks.
