Description of the accident (claimant's words)

I was driving north on the main road in League City, Texas, and was stopped at the intersection, waiting to make a left turn when the traffic cleared. I checked for oncoming vehicles, saw none close enough to be a concern, and started my turn. Moments later, a vehicle traveling in the opposite direction struck the front driver's side of my car. The impact was hard enough to jolt my head against the side window and airbag. I stayed at the scene until the police arrived and was told to seek medcial care. I was evaluated and diagnosed with a concussion, and I have been experiencing headaches, dizziness, and trouble concentrating since the crash. My car sustained significant damage to the front end and driver's side and is not drivable at this time. I am providing this statmeent as an accurate account of what happened.
