Description of the accident (claimant's words)

I was backing out of a parking space at the grocery store in Conroe, Texas, moving slowly, when my rear bumper struck the front corner of a silver sedan that was passing behind me. I had checked my mirrors and did not see the other vehicle approaching from the side lane until the impact. Both of our cars were stopped within a few seconds, and no one was driving quickly. The impact was minor, but the force jolted me forward and my right knee hit the steering column. I felt sharp pain and had trouble bearing weight for a while, so I sat in my car until the pain eaesd enough to walk. Later that afternoon I was seen at an urgent care clinic, where the doctor examined my knee and recommended rest, ice, and a follow-up visit. I exchanged insurance information with the other driver and took photos of both vehicles before leaving the scene.
