Claim Notes

Claim number:	C-1038
Claimant:	Todd Sanders
Adjuster:	Chelsea Hebert

05/01/2023 - Claim received by phone from the insured driver. Side impact collision at a signalized intersection. Isnured reports the other vehicle entered on a red signal and struck the driver's side. No police report number yet. Vehicle is drivable but towed from scene per insured. Assigned to field adjuster for inspection.

05/04/2023 - Spoke with claimant by phone. Claimant reports neck and back strain following the collision and has been seeing a primary care provider. Claimant is not represented by an attorney and has not retained counsel. Explained the claims process and requested medical records authorization. Claimant agreed to send forms.

05/09/2023 - Photos of both vehicles received from the insured. Damage consistent with a side impact on the driver's door and rear quarter panel of the insured vehicle. Estimate requested from the preferred repair facility. Independent appraisal scheduled for next available slot.

05/13/2023 - Reviewed traffic camera footage from the intersection with the municipal office. Footage shows the other vehicle proceeding through a red signal. Liability position strengthened toward the other driver. Subrogation file opened against the at-fault carrier.

05/17/2023 - Follow-up call with claimant. Neck and back symptoms ongoing, claimant reports reduced range of motion and missed some work shifts. Reminded claimant of the option to seek independent advice. Medical bills and wage documentation requested. File remains open pending records and repair estimate.

Recorded Statement

Claim number:	C-1038
Statement of:	Todd Sanders
Taken by:	Chelsea Hebert
Date:	04/26/2023

Q: Thank you for taking the time to give this recorded statement. Can you confirm you understand this call is being recorded?

A: Yes, I understand.

Q: Great. Can you describe what happened at the intersection in Houston?

A: I was driving through the intersection on a green light. I had just passed the crosswalk when a vehicle coming from my right ran the red light and hit the driver's side of my car.

Q: Did you see the other vehicle before the impact?

A: Not really. I glanced over when I heard the horn, but it was already too late to stop.

Q: How fast would you estimate you were traveling?

A: Maybe 30 or 35 miles per hour. The light had just turned green, so I wasn't going very fast.

Q: Did you lose consciousness or hit your head?

A: No, I stayed conscious. My head didn't hit anything, but my body was thrown against the seatbelt and then sideways into the door.

Q: Did you get medical attention after the accident?

A: Yes, I went to an urgent care clinic later that afternoon. They diagnosed me with neck and back strain.

Q: Where are you experiencing pain now?

A: My neck is stiff and sore, especially when I turn my head to the left. My lower back aches when I sit for long periods, and I've had some tightness in my shoulders.

Q: Are you currently receiving any treatment?

A: I've been going to physical therapy twice a week, and the clinic gave me muscle relaxers and anti-inflammatories.

Q: Did you have any neck or back problems before this accident?

A: I had some occasional back stiffness from sitting at a desk, but nothing that stopped me from working or doing my normal activities.

Q: Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I'm still hoping to get back to full strength.

Q: Thank you. This concludes the recorded statement.
