Description of the accident (claimant's words)

I was backing my car out of a parking space at the shopping center in Katy, Texas, moving slowly with my mirrors checked. I felt a jolt and heard a loud bang as the rear corner of my vehicle struck the front bumper of a silver SUV that had come up the lane behind me. Neither of us was going fast, but my head snapped forward and then back against the headrest. I did not lose consciousness, but I felt dizzy, had a pounding headache, and noticed my vision was blurry for several minutes. A bystander helped me step out of the car, and I sat on the curb unitl the paramedics arrived. They told me I may have a concussion, and my doctor has since confirmed the diagnosis and advised rest from screens and strenuous activity. I am providing this account so the claim can be documented accurately.
