Claim Notes

Claim number:	C-1042
Claimant:	Erika Bailey
Adjuster:	Jerry Hanson

December 9, 2023 - Claim opened following side impact at intersection. Insured reports the other vehicle entered the intersection against signal. Police report requested. Vehicle inspection scheduled. Claimant reports concussion symptoms and has retained counsel; all further contact to go through attorney's office.

December 17, 2023 - Police report received. Responding officer documented right-angle collision with damage to driver-side door and rear quarter panel of insured vehicle. Witness statement obtained from pedestrian at corner, supports insured's account of green signal. Liability analysis in progress. Photos of both vehicles uploaded to file.

December 26, 2023 - Spoke with claimant's attorney by phone. Counsel confirmed client was treated at urgent care and diagnosed with concussion. Requested medical authorization forms and full records. Advised that bodily injury evaluation will not proceed until records are received. Attorney indicated demand package will follow.

December 27, 2023 - Independent appraiser completed inspection of insured vehicle. Estimate lists structural repair to driver-side frame rail, door replacement, and sensor recalibration. Total loss threshold not met. Repair authorized pending supervisor review. Rental coverage confirmed for duration of repairs.

December 30, 2023 - Received medical records from claimant's treating physician. Records document concussion diagnosis, follow-up neurology referral, and a recommended period of reduced activity. File referred to bodily injury unit for evaluation. Reserve review requested. Next step is to await demand from counsel and confirm liability percentage before settlement discussions.

Recorded Statement

Claim number:	C-1042
Statement of:	Erika Bailey
Taken by:	Jerry Hanson
Date:	December 3, 2023

Q: Thanks for taking the time to speak with me today. This recorded statement is about the collision at the intersection in Katy, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please describe in your own words what happened at the intersection.

A: I was driving through the green light heading east. A vehicle coming from the north side ran the red light and hit the passenger side of my car, right behind the front door.

Q: Were you able to stop or swerve before the impact?

A: No. It happened too fast. I saw the other car just as it entered my lane, and I tired to brake but there was no time.

Q: Did your airbags deploy?

A: The side airbag did, and the curtain airbag too, I think. My head hit the window pretty hard.

Q: How are you feeling now?

A: Not great. I have a bad headache, I feel dizzy when I stand up too quickly, and the light bothers my eyes. I saw a doctor at the urgent care clinic that afternoon, and they told me I have a concussion.

Q: Have you been able to return to work or your normal activities?

A: Not yet. I've been resting at home as the doctor advised, and I can only manage short periods of reading or screen time.

Q: Did anyone else ride in your vehicle at the time?

A: No, I was alone.

Q: Is there anything else you would like to add to your statement?

A: Only that I'm cooperating fully and I'd appreciate a copy of the police report when it's available.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
