Description of the accident (claimant's words)

I was backing out of a parking space at a shopping center in Katy, Texas, when my rear bumper struck the driver's side of a silver sedan that was passing behind me. I had checked my mirrors, but the other vehicle came into the lane faster than I expected. Both of us stopped immediately, and I got out to check on the other driver, who was fine and apologized before I could. I felt a sharp pain in my left wrist when I caught myself on the car door, and I was taken by ambulance to a nearby hospital, where X-rays showed a fracture. My car has damage to the rear bumper and taillight. I have photos of the scene and the vehicles' positions, and a witness in a nearby parked car gave me their contact information. I am reporting this accident promptly and am willing to provide any further information needed.
