Description of the accident (claimant's words)

I was driving north on the main road in League City, Texas, and signaled to turn left into the shopping center entrance. I waited for a gap in oncoming traffic, and when the lane looked clear, I started my turn. About halfway through, a silver SUV coming from the opposite direction hit the front passenger side of my car. I had not seen it approaching, and I do not think I could have avoided it in time. The impact spun my vehicle partway around and pushed it onto the curb. My head struck the side window and the airbag deployed. I felt dizzy, had a ringing in my ears, and was confused for several minutes afterward. Paramedics arrived, checked me, and advised me to go to the hospital, where I was diagnosed with a concussion. I have stopped driving until my doctor clears me.
