Description of the accident (claimant's words)

I was riding in the front passenger seat when the car in front of us stopped suddenly at a light in Pasadena, Texas. The driver of our vehicle braked hard, but the other car was already rolling toward us, and we were struck head-on at low speed. The impact was not violent, but my body jerked forward and my right arm slammed against the dashboard. I felt immediate pain in my wirst and could not grip anything. The airbag had deployed on my side, and I was dazed for a few moments. Paramedics arrived within mintues and took me to the emergency room, where X-rays showed a fracture in my wrist. I was placed in a cast and told to avoid lifting or driving until I see my orthopedic speciailst for follow-up care. I am submitting this statement to document the accident and my injury.
