Claim Notes

Claim number:	C-1065
Claimant:	Krystal Evans
Adjuster:	Valerie Rodriguez

11-30-23 - Claim opened following a rear-end collision at a signalized intersection. Insured vehicle struck the rear of claimant vehicle while stopped at a red light. Police report requested. Insured reports sudden braking by the other driver but acknowledges following distance was too short. Liability preliminarily assessed as predominantly insured.

12-5-23 - Claimant reports neck and wrist pain at scene and was transported to urgent care. Claimant has since retained counsel, who has requested that all further communication be routed through their office. Letter of representation received and logged. Direct contact with claimant suspended.

12-8-23 - Medical records received from treating provider. Diagnosis confirmed as a fracture of the distal radius of the left wrist, treated with casting and a follow-up orthopedic consult. Treating physician notes possible physical therapy referral. Records reviewed and forwarded to the medical review unit for causation confirmation.

12-16-23 - Counsel's demand package received, including itemized medical bills, wage loss documentation, and a narrative of ongoing symptoms. Demand is under review. Requested clarification from counsel regarding the scope of the physical therapy claimed and whether any prior wrist complaints exist. Response deadline noted in the file.

12-20-23 - Independent medical examination scheduled through counsel's office, with claimant's consent. Reserve adjusted to reflect injury severity and anticipated treatment duration. Supervisor notified of litigation risk given representation and fracture diagnosis. File flagged for senior adjuster review before any settlement discussion.

Recorded Statement

Claim number:	C-1065
Statement of:	Krystal Evans
Taken by:	Valerie Rodriguez
Date:	12-4-23

Q: Thank you for taking the time to give this recorded statement. Can you please state your full name for the record?

A: I'd rather just be referred to as the claimant, if that's okay.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was riding in the front passenger seat of a sedan. We were stopped at a red light on the main road in Conroe, Texas, near the shopping center.

Q: And what happened next?

A: The driver behind us didn't stop in time. I felt a hard jolt from behind, and my head snapped back and then forward. My right hand hit the dashboard when we lurched.

Q: Did you lose consciousness or hit your head?

A: No, I didn't black out. I was dizzy for a few minutes, but I stayed awake the whole time.

Q: Did you get medical attention right away?

A: Yes, the paramedics checked me at the scene, and then I went to the emergency room that same afternoon. They X-rayed my wrist and said it was fractured. They put it in a splint and I had a follow-up with an orthopedic doctor later that week.

Q: Are you still receiving treatment for the wrist?

A: Yes. I'm in a cast right now, and I have physical therapy twice a week. The doctor says I may need more therapy before I regain full grip strength.

Q: Have you missed any time from work bcause of the injury?

A: Yes, I've been out for several weeks. I work with my hands, so I can't do most of my duties with the cast on.

Q: Is there anything else you'd like to add to your statement?

A: Only that my neck has been sore since the accident, and I'm still following up on that with my doctor.

Q: Thank you. This concludes the recorded statement.
