Officer's narrative

On arrival at the scene of a two-vehicle rear-end collision in Pasadena, Texas, I observed a gray sedan (Vehicle 1) with significant rear damage and a silver SUV (Vehicle 2) with front-end damage. Driver 1 was seated in the driver's seat of Vehicle 1 and stated that Vehicle 1 had come to a complete stop in active traffic when Vehicle 2 struck it from behind. Driver 1 reported pain in the head and was obsreved holding the side of the head and appearing dazed. Driver 1 also reported that they had briefly lost consciousness after impact and were experiencing concussion-like symptoms, including headache and dizziness. Driver 2 stated that they were looking down at a phone briefly and did not apply the brakes in time. A Passenger in Vehicle 1 was uninjured. Both vehicles were towed from the scene. Emergency medical services were requested and transported Driver 1 to a local hospital for evaluation. No citations were issued at the secne pending further investigation.
