Q: Thanks for taking the time to speak with me today. This recording is for the claim file. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe where you were driving when the collision happened.

A: I was heading east on the main road in Katy, going through the intersection on a green light.

Q: Did you see the other vehicle before the impact?

A: Not really. I think it came from my right side. I heard tires and then it hit my driver's side door.

Q: Were you able to brake or swreve at all?

A: I tried to brake, but there wasn't time. It happened very fast.

Q: How fast do you estimate you were traveling?

A: Maybe around the speed limit, I think. I wasn't speeding.

Q: Did you hit your head during the collision?

A: I think I hit it on the window or the pillar. I felt dizzy right after and my head was pounding.

Q: Have you sought medical attention since the accident?

A: Yes, I was taken to the emergency room that evening. They diagnosed a concussion and told me to rest and avoid screens for a while.

Q: Are you experiencing any symptoms now?

A: Yes, I still get headaches, I'm sensitive to light, and I've had trouble concentrating at work.

Q: Has anyone else been in the vehicle with you?

A: No, I was alone.

Q: Is there anything you'd like to add to your statement?

A: Just that I'd like the other driver's insurance to be contacted about my medical bills and the time I've missed from work.

Q: Thank you. That concludes our recorded statement.
