Description of the accident (claimant's words)

I was driving north on the main road in Sugar Land, Texas, approaching the intersection at a moderate pace, when the vehicle in front of me slowed suddenly. I braked, but the car in the oncoming lane drifted across the center line and struck the front of my vehicle in a low-speed head-on collision. Both cars came to a stop within a few feet of each other. Neither airbag deployed. I got out of my vehicle on my own and noticed immediate stiffness in my neck and lower back. I have since been diagnosed with a neck and back strain and have been advised to rest and attend physical therapy. I am providing this statement so the claim can be processed accurately, and I can supply any additional photographs or medical notes that may be needed.
