Q: Thank you for agreeing to give this recorded statement. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe where you were when the collision happened.

A: I was in the parking lot of a shopping center in Sugar Land, Texas. I'd just parked and was backing out of a space near the main entrance.

Q: What was the weather and lighting like?

A: It was daytime and clear, but the lot was pretty busy.

Q: Did you see the other vehicle before impact?

A: Not really. I was looking over my right shoulder, and I didn't see the car coming up the aisle until I felt the bump.

Q: How fast were you moving?

A: Very slowly, maybe walking speed. I was just reversing out.

Q: Did you or the other driver stop or exchange information?

A: We both got out. The other driver said they were sorry and gave me their insurance card. I gave them mine too.

Q: Describe any injuries you noticed at the scene.

A: My head hit the side window pretty hard. I had a headache right away and felt dizzy, and the lights in the lot seemed too bright.

Q: Did you seek medical attention?

A: Yes, a paramedic checked me at the scene, and I went to urgent care later that afternoon. They told me I have a concussion and I need to rest and avoid screens for a while.

Q: Are you still experiencing symptoms?

A: Yes, I still get headaches and I have trouble concentrating at work. I've been out of the office for a few days.

Q: Is there anything else you'd like to add?

A: Just that I was being careful and didn't expect this. I'd like the claim handled as quickly as possible because I'm having a hard time right now.

Q: Thank you. This concludes the statement.
