Description of the accident (claimant's words)

I was backing my car out of a space near the front entrance of the shopping center in Pearland, Texas, when I felt a jolt and heard a loud crunch. I had checked my mirrors and seen nothing behind me, but the other vehicle was approaching slowly from the next lane and I did not see it in time. Both cars came to a stop with the rear bumper of mine touching the front corner of the other vehicle. I got out, exchanged information with the other driver, and noticed some damage to my rear quarter panel and tail light. Shortly afterward I developed a severe headache, dizziness, and nausea, and I was diagnosed with a concussion at the hospital. I have been advised to rest and avoid screens for several days and I am still experiencing some sensitivity to light.
