Recorded Statement

Claim number:	C-1082
Statement of:	Michelle Mclean
Taken by:	Chelsea Hebert
Date:	25 Nov 2023

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but I'm happy to talk about the accident.

Q: That's understood. We can identify you through your claim number. Can you describe where the collision happened?

A: It was at an intersection in Katy, Texas. I was turning left from the main road onto a side street, heading toward a shopping center.

Q: What was the weather and lighting like?

A: It was clear and still daylight. The road was dry, and I could see well.

Q: Walk me through what happened as you began your turn.

A: I had my turn signal on and was waiting for oncoming traffic to clear. A gap opened up, so I started into the turn. Then a car coming from the other direction hit the front driver's side of my vehicle.

Q: Did you see that car before you started the turn?

A: I saw headlights earlier, but it looked far enough away that I thought I had time. I misjudged it, and I take responsibility for that.

Q: Did you hit your head or feel any pain at the time?

A: My head snapped forward and then back against the headrest. My neck was stiff almost right away, and by the next morning the pain had spread into my shoulders and upper back.

Q: Have you seen a doctor since the accident?

A: Yes, I went to urgent care the same evening and I'm now seeing a physical therapist. They've diagnosed whiplsah and I'm doing exercises for it.

Q: Are you still experiencing pain or limitations?

A: Yes. Turning my head to check blind spots is hard, and I can't sit for long periods without discomfort. I'm still working through it.

Q: Thank you. Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I appreciate you listening.

Q: Thank you. This concludes the recorded statement.
