Description of the accident (claimant's words)

I was driving north on the main road in Katy, Texas, and had signaled to turn left into the shopping center entrance. I had stopped briefly to wait for oncoimng traffic to clear when a vehicle coming from the opposite direction struck the front driver's side of my car. The imapct was sudden and my vehicle was pushed partway into the turn lane. I did not see the other car approaching before the collision, as it appeared to come through just as I started to move forward. Both vehicles were drivable, but I was shaken and felt immediate pain in my neck and upper back. I was later diagnosed with whiplash and have been attending physical therapy since the accident. I have kept copies of the repair estimate and medical records for this claim.
