01/13/2024 - Recevied first notice of loss by phone from the insured driver. Insured reports a sideswipe while changing lanes on a multi-lane roadway. Other vehicle departed the scene before exchange of information. Insured reports a passenger-side scrape and states the other driver may have been in the adjacent lane. Opened file and requested the insured's statement, photos of damage, and any dashcam footage.

01/18/2024 - Obtained recorded statement from insured. Insured confirms signaling before moving over and noticing a vehicle close to the rear quarter panel. Witness contact information noted on the police report, but witness has not yet responded to outreach. Requested the police report and nearby traffic camera footage through the appropriate channels.

01/23/2024 - Claimant has retained counsel, who has notified this office that the claimant sustained a wrist fracture and is seeking medical payments coverage and a bodily injury evaluation. Requested authorization for medical records and itemized bills. Counsel asked that all future contact be directed to their office. Reserves adjusted to reflect a possible bodily injury exposure pending records review.

01/31/2024 - Reviewed the police report. Responding officer documented the sideswipe location and noted the other vehicle as unidentified. Follow-up request sent to the reporting agency for supplemental information.

02/05/2024 - Received medical records from claimant's counsel. Records confirm a distal radius fracture treated with immobilization and a follow-up orthopedic consult is scheduled. Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe in your own words what happened on the day of the accident.

A: I was driving on the highway in Sugar Land, in the right lane. I wanted to move over to the left lane because I needed to exit a little further up. I checked my mirror, but I think I didn't check my blind spot well enough.

Q: What happened when you changed lanes?

A: The other car was in the left lane and it just clipped my side. We sideswiped each other. I heard a loud scrape and my car jerked toward the median.

Q: Did you see the other vehicle before you began to move over?

A: I don't think I saw it clearly. It was there, but I didn't see it in time.

Q: Where were you injured?

A: My left wrist. I tried to grab the steering wheel and I landed on my wrist when the airbag went off. It hurt right away and I couldn't move my fingers properly.

Q: Did you seek medical treatment?

A: Yes, an ambulance took me to the emergency room. They X-rayed it and said it was fractured. I've been wearing a splint and I have a follow-up appointment with an orthopedic doctor.

Q: Is there anything else you'd like to add about the accident?

A: Only that I'm sorry it happened. I want to cooperate fully and get everything sorted out.

Q: Thank you. We'll follow up with the documents we discussed. This concludes the statement.

A: Thank you.
