Description of the accident (claimant's words)

I was driving westbound on a residential street in Houston, Texas, at roughly 15 miles per hour when the vehicle coming toward me drifted into my lane and we collided head-on. The impact was low speed, but my airbags did not deploy and both cars sustained front-end damage. I stopped immediately, checked on the other driver, and exchanged insurance and contact information at the scene. Shortly afterward I noticed stiffness and pain in my neck, along with some soreness between my shoulder blades. I was evaluated by a medical provider the same day and was diagnosed with a neck strain. I am currently following the recommended treatment plan, which includes rest, medication, and physical therapy. I am submitting this statement so my injury and vehicle damage can be documented and processed.
