Bodily Injury Unit

Claim Notes

Claim number:	C-1091
Claimant:	David Frost
Adjuster:	Christopher Wong

2024-12-12 - Claim opened following a low-speed head-on collision reported by the insured. Insured states the other vehicle crossed the centerline on a curve. Police report requested. Vehicle inspection assigned to the appraiser for the insured's car, with a repair estimate pending.

2024-12-19 - Claimant reports a wrist fracture sustained in the collision and has retained counsel. All further communication to be routed through the attorney's office. Requested medical authorization and prior treatment records. Reserve set for bodily injury pending review of medical documentation.

2024-12-24 - Received the police report. Officer noted minor front-end damage to both vehicles and no citations issued. Liability analysis indicates the other driver's centerline crossing is the probable cause, with comparative fault still under review. Reviewing photos from the scene.

2025-01-01 - Attorney's office sent a demand package including orthopedic records and imaging confirming a distal radius fracture. Treatment is ongoing and a surgical consult is noted. Requested itemized medical bills and wage loss documentation. Referred the file to the bodily injury unit for valuation.

2025-01-02 - Vehicle repair estimate reviewed and approved for payment to the repair facility. Rental coverage confirmed for the duration of repairs. Bodily injury claim remains open with medical bills and wage documentation outstanding. Follow-up with counesl scheduled to discuss next steps on settlement evaluation.

Recorded Statement

Claim number:	C-1091
Statement of:	David Frost
Taken by:	Christopher Wong
Date:	2024-12-14

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in on a street in Houston, Texas. Before we begin, do you consent to this conversation being recorded?

A: Yes, that's fine.

Q: Please state your current address for the file.

A: I'd rather just give the street and city. It's off the main road near the shoppnig center, in Houston.

Q: That's fine. Can you describe how the collision happened?

A: I was driving in my lane heading down the road, going maybe twenty-five miles an hour. The other car came over into my lane. We hit head-on, but it wasn't a hard impact. It felt more like a jolt.

Q: Did you have a chance to brake or steer before contact?

A: I braked as hard as I could and treid to move to the right, but there wasn't much room. The impact happened pretty fast.

Q: Did either airbag deploy in your vehicle?

A: No, I don't think so. I just remember my hands hitting the steering wheel and then my arm twisting.

Q: Did you seek medical attention after the collision?

A: Yes. I went to the emergency room the same day because my wrist was hurting badly and I couldn't move my fingers properly. They took X-rays and told me it was fractured.

Q: Do you know which wrist was injured?

A: It was my left wrist. I've been wearing a splint and I'm seeing an orthopedic doctor for follow-up.

Q: Are you currently receiving any other treatment?

A: Physical therapy, twice a week for now. It's painful, and I've had to take time off from my job because I can't do my usual work with that hand.

Q: Thank you. Is there anything else you would like to add to your statement?

A: Only that I'm hoping this gets handled quickly, because the bills are piling up.

Q: Understood. Thank you for your time today.

A: You're welcome.
