Description of the accident (claimant's words)

I was driving north on a two-lane road on the outskirts of Houston, Texas, moving slowly through a lihgt drizzle. The vehicle in front of me stopped suddenly, and I braked as hard as I could, but my car slid forward and made contact with the front of the vehicle ahead. The impact was low speed, but my airbag deployed and I was thrown against the steering wheel and then the door frame. Immediately afterward I felt severe pain in my left wrist and could not grip anything. The other driver and I both pulled over to the shoulder, exchanged insurance information, and waited for the police to arrive and file a report. A paramedic checked me at the scene, and I was later taken to a clinic where X-rays confirmed a fracture of my left wrist. I am submitting this statement to document how the collision happened and the injury I sustained.
