Recorded Statement

Claim number:	C-1095
Statement of:	Janet Sandoval
Taken by:	Christopher Wong
Date:	March 20, 2025

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's okay.

Q: That's fine. For the record, can you confirm you were the driver of the vehicle involved in the collision in Conroe, Texas?

A: Yes, I was driving. I was stopped at a red light on the main road when it happened.

Q: Can you describe what happened right before impact?

A: I was wiating for the light to change. I had my foot on the brake and I was looking ahead. Then I felt a hard jolt from behind and my car lurched forward into the intersection.

Q: Did you see the other vehicle before the impact?

A: No. I saw it in my mirror for a second, but it didn't look like it was slowing down at all.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did the airbags deploy?

A: No, they didn't. The steering wheel was pushed toward me, though, and I hit it with my arm.

Q: Can you tell me about your injuries?

A: My left wrist was badly hurt. I went to the emergency room that afternoon and they took X-rays. The doctor said it was fractured. I've been wearing a splint and I have a follow-up with an orthopedic specialist next week.

Q: Did you receive any other medical treatment?

A: Just the ER visit and some physical therapy referrals so far. My neck and shoulder are sore too, but the wrist is the main problem.

Q: Have you missed any work because of the injury?

A: Yes, I've been off work since the accident. I do manual work, so I can't do my job with one usable hand right now.

Q: Is there anything else you think I should know about the accident?

A: Just that I was stopped and doing everything right. I hope this gets sorted out quickly.

Q: Thank you. This concludes the recorded statement.
