Q: Thank you for taking the time to give this recorded statement. Can you please state your full name for the record?

A: I'd rather keep my name out of it, if that's alright. I was the driver of the car.

Q: That's fine. Can you describe where the collision took place?

A: It was at an intersection in Baytown, Texas. I was turning left across the road and another vehicle came through from the opposite direction.

Q: Were you at a complete stop before you started the turn?

A: No, I was moving through the turn. I had a green light, or at least I thought I did, but I was waiting for a gap in the oncoming traffic.

Q: Did you see the other vehicle before the impact?

A: I saw headlights, but I didn't judge the speed correctly. I thought I had enough time to clear the lane.

Q: How fast would you estimate you were going when you began the turn?

A: Maybe ten or fifteen miles an hour. I wasn't rushing.

Q: Did the airbags deploy in your vehicle?

A: No, they didn't. The impact jolted me forward and then back against the seat.

Q: Have you sought medical attention since the collision?

A: Yes. I went to an urgent care clinic that same day. They said I had a neck strain and gave me a prescription for muscle relaxers.

Q: Are you currently experiencing any pain or stiffness?

A: Yes, my neck is stiff, especially in the mornings, and I get a dull ache across my shoulders. Turning my head to check mirrors is harder than it used to be.

Q: Is there anything else you would like to add to your statement?

A: Only that I'm sorry for the accident and I want to cooperate fully with the claim.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
