Description of the accident (claimant's words)

I was backing out of a space in the grocery store parking lot in Sugar Land, Texas, moving slowly with my mirrors checked. As I reversed, the rear of my vehicle struck the driver's side of a silver sedan that was passing behind me in the aisle. I stopped immediately, put my hazard lights on, and got out to look at both cars. My bmuper was scraped and the other vehicle had a dented rear quarter panel. The other driver and I exchanged insurance and contact information, and a store employee came over to help. Later that evening I started feeling stiffness and a sharp pain in my lower back, which I believe came from the sudden jolt of the impact. I have been seeing a doctor for treatment since then and am following the recommended care plan.
