Description of the accident (claimant's words)

I was driving north on the main road in League City, Texas, and had slowed to make a left turn into a shopping center parking lot. I checked for oncoming traffic, saw the way was clear, and began my turn. Moments later, a vehicle coming through the intersection struck the rear quarter of my car. I had no warning and could not avoid the impact. My car spun partway around and came to rest near the curb. I stayed at the scene until the police arrived and gave them my account. Since the collision, I have had stiffness and pain in my neck and lower back, along with msucle soreness that worsens when I sit or drive for long periods. I am seeking medical evaluation and will provide records as they become available.
