Claim Notes

Claim number:	C-1117
Claimant:	Judith Farrell
Adjuster:	Jerry Hanson

June 24, 2024 - Claim opened following a rear-end collision at a signalized intersection. Insured vehicle reports being struck from behind while stopped at a red light. Police report requested. Claimant reports neck and right shoulder pain and has been transported to urgent care. Liability appears clear on initial review, with the at-fault driver's carrier notified.

June 25, 2024 - Received notice of representation. Claimant has retained counsel, and all further contact must go through the attorney's office. Letter of representation acknowledged and placed in file. Medical authorization forms requested from counsel. Reserve set pending review of medical records.

July 2, 2024 - Spoke with claimant's attorney regarding the status of treatment. Claimant is undergoing physical therapy for a shoulder injury with limited range of motion in the right arm. MRI results requested. Attorney indictaed a demand package will follow once treatment reaches a stable point. No settlement discussion at this time.

July 3, 2024 - Reviewed records received from the treating orthopedic provider. Diagnosis notes a partial rotator cuff tear, with conservative treatment recommended before any surgical consideration. Bills and procedure codes logegd for evaluation. Medical review referral submitted to nurse reviewer to confirm causation and reasonableness of treatment plan.

July 11, 2024 - Follow-up with claimant's counsel. Demand package received and under review. Requested updated treatment notes and wage loss documentation before evaluation. Diary set for review in thirty days. File remains open, with liability accepted in principle and injury valuation still pending.

Recorded Statement

Claim number:	C-1117
Statement of:	Judith Farrell
Taken by:	Jerry Hanson
Date:	June 29, 2024

Q: Thank you for agreeing to give this recorded statement. Can you confirm you are comfortable with us recording this call?

A: Yes, that's fine.

Q: Please describe where you were when the collision happened.

A: I was stopped at a red light on the main road in Pasadena, Texas, in the left lane. Traffic was moving slowly, and I had been stopped for maybe half a minute.

Q: What happened next?

A: The car behind me didn't stop in time. I felt a hard jolt from behind, and my head snapped back and then forward. My car was pushed a few feet into the intersection.

Q: Did you see the other vehicle before the impact?

A: Only in my rearview mirror, a second or two before. It looked like it was still moving too fast for the traffic ahead.

Q: Were you able to get out of your vehicle afterward?

A: Yes, but I felt stiff right away. My right shoulder hurt quite a bit, and I had a burning pain down my upper arm.

Q: Did you seek medical attention?

A: Yes, a paramedic checked me at the scene, and I went to the emergency room later that day. They took X-rays and told me I had a strained shoulder and possibly a soft tissue injury. I was given a sling and pain medication.

Q: Have you been seeing a doctor since then?

A: Yes, I have a follow-up appointment with an orthopedic clinic, and I'm doing physical therapy twice a week.

Q: Are you still experiencing pain or limited movement?

A: Yes. Lifting anything heavy is difficult, and I can't reach overhead without discomfort. Driving for longer periods also aggravates it.

Q: Thank you. Is there anything else you would like to add to your statement?

A: No, I think that covers it. I just want my vehicle repaired and my medical bills taken care of.

Q: Thank you for your time. This concludes the recorded statement.
