Description of the accident (claimant's words)

I was stopped at a red light on the main road in Pearland, Texas, waiting to turn left, when I felt a hard jolt from behind. My head snapped forward and then back against the headrest. My car was pushed into the intersection, and the airbags did not deploy. I got out briefly and noticed the back of my vehicle was crushed and the trunk would not close. I did not lose consciousness at the scene, but within an hour I had a severe headache, ringing in my ears, and trouble focusing on my phone screen. I was diagnosed with a concussion and have been advised to limit screen time and avoid driving until my symptoms improve. I am requesting coverage for medical treatment, vehicle repairs, and lost wages while I recover.
