Description of the accident (claimant's words)

I was driving in the right lane on the highway in Pasadena, Texas, when traffic slowed ahead of me. I checked my mirror, signaled, and began moving into the left lane. As I did, a vehicle in that lane moved over and struck the side of my car, scraping along the passenger door and rear quarter panel. Both cars pulled onto the shoulder. I stayed in my seat for a few moments because my right shoulder hurt sharply from bracing against the steering wheel and the seatbelt. I exchanged information with the other driver, who admitted they had not seen my car. Police came to the scene and filed a report. Later I was seen by a doctor, who said the shoulder injury needed treatment and rest. I am filing this claim for vehicle damage and medical costs.
