Claimant reports neck and lower back discomfort at the scene and was evaluated by EMS, then released. Photos requested from the insured and the other driver's contact information obtained.

July 7, 2024 - Spoke with the claimant by phone. Claimant reports a back strain and stiffness, with pain rated as moderate and worse in the morning. Asked for the treating provider's name and any imaging results.

July 8, 2024 - Reviewed the police report, which lists the collision as a head-on impact at low speed with no citations issued. Both drivers gave consistent accounts of a lane drift by the other vehicle. Recorded the claimant's vehicle as drivable with bumper and hood damage. Appraisal scheduled at the next available location.

July 16, 2024 - Received the claimant's medical records from the urgent care visit. Diagnosis is a lumbar strain with a recommendation for rest, over-the-counter pain relief, and a follow-up if symptoms persist beyond two weeks. No fractures or neurological findings noted. July 23, 2024 - Claimant called to check on status. Advised that the injury evaluation is in progress and that the vehicle appraisal is complete. Recorded Statement

Claim number:	C-1124
Statement of:	Shelia Rich

Date:	July 3, 2024

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording like this, but you can use the claim file.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was driving on a two-lane road in Baytown, Texas, heading toward the shopping center near the bridge.

Q: What were you doing right before the impact?

A: Traffic had slowed. I was coming up on a curve when a car drifted into my lane. I braked and turned, but we still ended up nose to nose.

Q: How fast do you think you were going?

A: Not fast at all. Maybe twenty-five, thirty miles an hour. It was more of a bump than a crash.

Q: Did either airbag deploy?

A: No. My car's airbags didn't go off, and I didn't hit my head on anything.

Q: Were you able to drive your vehicle from the scene?

A: Yes, it was towed because the front bumper was pushed in, but I got out under my own power.

Q: Tell me about your injuries.

A: My lower back started hurting that evening. It's a tight, pulling pain, worse when I sit for a long time or bend to lift something. I've been taking over-the-counter pain relievers and using a heating pad.

Q: Have you seen a doctor or other medical provider?

A: Yes, I went to urgent care the next morning and they diagnosed a lower back strain. I've also scheduled a follow-up with my regular physician.

Q: Did you have any back problems before this collision?

A: I had some stiffness now and then, but nothing that stopped me from working or doing my normal activities.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm trying to get back to normal and I'd appreciate a prompt response on the vehicle repairs and my medical bills.

Q: Thank you. This concludes the statement.
