Description of the accident (claimant's words)

I was driving north on the main road in Baytown, Texas, going slowly through a light rain, when the car in front of me stopped suddenly. I braked as hard as I could, but I was not able to stop in time and my front bumper struck the rear of the vehicle ahead. The collision was a low-speed impact, and both cars were still drivable, though my car's front end was damaged. I was wearing my seatbelt. Right after the impact I felt a sharp pain in my lower back, which has continued since then. I went to a clinic the same day, where I was told I had a back strain and was advised to rest and take over-the-counter pain relief. I have kept all medical notes and receipts and will provide them on request.
