Description of the accident (claimant's words)

I was driving my silver sedan east on the main road in Sugar Land, Texas, and had signaled to turn left into a shopping center entrance. I waited for a gap in oncoming traffic, and when the way looked clear I started the turn. About halfway across the lane, a vehicle coming from the opposite direction struck the front passenger side of my car. I had not seen it approaching before I began the turn, and I did not have time to react. My airbags deployed and my car came to rest against the curb. Shortly afterward I felt stiffness and pain in my neck and lower back. I was able to exit the vehicle on my own and remained at the scene until the police officer arrived and took my statement. I have since been seen by a medical provider for neck and back strain.
