Bodily Injury Unit

Claim Notes

Claim number:	C-1127
Claimant:	Courtney Blair
Adjuster:	Jerry Hanson

November 23, 2023 - Received first notice of loss for rear-end collision. Insured reports being stopped at a red light when the vehicle behind made contact at low speed. Insured states no airbags deployed and both vehicles were drivable from the scene. Police report requested.

December 1, 2023 - Claimant is now represented by counsel. Letter of representation received. All further contact to be routed throguh the attorney's office. Claimant reports neck strain flolowing the impact and has started conservative treatment. Medical authorization requested through counsel.

December 10, 2023 - Spoke with defense-side counsel regarding liability. Rear vehicle driver admitted following too closely and not stopping in time. Liability appears clear against the rear driver. Photos of both vehicles reviewed, damage consistent with reported impact speed. Repair estimate on insured vehicle pending.

December 14, 2023 - Received medical records from claimant's terating provider through counsel. Diagnosis listed as cervical strain with mucsle spasm. Treatment plan inlcudes physical therapy sessions over several weeks. Records reviewed and noted for injury evaluation. Requested prior medical history for the same body region to assess pre-existing conditions.

December 15, 2023 - Counsel submitted a demand package including medical bills, wage loss documentation, and treatment summary. Demand is under review. Reserve adjusted to reflect current injury status and projected treatment duration. Scheduled file review with supervisor. Will follow up with counsel once evaluation is complete.

Recorded Statement

Claim number:	C-1127
Statement of:	Courtney Blair
Taken by:	Jerry Hanson
Date:	November 19, 2023

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's fine.

Q: That's fine. For the record, can you confirm you were the driver of the vehicle involved in the collision in Pearland, Texas?

A: Yes, I was driving my sedan. I was stopped at a red light on the access road when it happened.

Q: Can you dsecribe what happened right before the impact?

A: I was waiting for the light to change. I had my foot on the brake and I was looking ahead. Then I felt a hard jolt from behind, like my car got shoved forward into the intersection.

Q: Were you able to see the other vehicle before the collision?

A: No, I didn't see it coming. I only saw it in my mirror after the impact.

Q: Did you exit your vehicle or stay inside after the accident?

A: I stayed in the car for a minute because my neck and upper back hurt right away. Then I got out and talked to the other driver.

Q: Have you sought medical attention since the collision?

A: Yes, I went to urgent care that same afternoon. They diagnosed me with a neck strain and told me to rest and take anti-inflammatories. I've also been doing some physical therapy exercises at home.

Q: Are you still experiencing symptoms?

A: Yes, I still have stiffness when I turn my head, and sometimes a dull ache across my shoulders by the end of the day. It's better than it was, but it's not gone.

Q: Have you missed any work or daily activities because of your injuries?

A: I missed a couple of days at work, and I've had trouble sleeping comfortably. Lifting anything heavy bothers me.

Q: Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I just want to get back to normal.

Q: Thank you. This concludes the recorded statement.
