Description of the accident (claimant's words)

I was stopped at a red light on the access road near Pearland, Texas, waiting to turn left, when I felt a hard impact from behind. My vehicle was pushed forward into the intersection, and the airbags did not deploy. I got out and spoke with the other driver, who said they had looekd down at their phone for a moment and did not see that traffic had stopped. Both vehicles were moved to the shoulder, and a police officer came to the scene and took statements from both parties. The damage to my rear bumper and trunk is visible in the attached photos. Within an hour I began to feel stiffness and pain in my neck, which has continued since. I have been advised by my doctor to rest, use ice, and attend physical therapy for what was diagnosed as a neck strain.
