Phone:	281-555-9880
Vehicle:	2024 Chevrolet Malibu
License plate:	TTC 062
Injuries reported:	knee injury
Investigating officer:	Officer Jasmine Harris, Badge 1004

Officer's narrative

Officer's narrative: On arrival at the intersection in Baytown, Texas, I observed a two-vehicle collision involving a left turn. Driver 1 was operating a sedan northbound and stated that he was turning left when his vehicle was struck on the driver side by a pickup truck traveling southbound. Driver 2 stated that the pickup was proceeding straight through the intersection on a green signal and was unable to avoid contact after Driver 1 began the turn. Driver 1 reported pain in the right knee following the impact and was able to exit the vehicle with assistance. A Passenger seated in the front right seat of the sedan reported no injuries. Both vehicles sustained front-end and side damage and were towed from the scene. Traffic was directed around the intersection until the roadway was cleared. Emergency medical services evaluated Driver 1 at the scene, and Driver 1 declined transport to a hospital at that time. Statements were obtained from all parties, and the signal timing and skid marks were documented for the file.
