Claim number:	C-1131
Claimant:	Elizabeth Walker
Adjuster:	Christopher Wong

September 17, 2024 - Claim opened following report of a sideswipe collision during a lane change on a multi-lane roadway. Insured vehicle contacted the left rear quarter panel of the claimant's vehicle. Both drivers reported they were stopped at the scene and exchanged information. Scene photos requested from insured.

September 25, 2024 - Spoke with claimant by phone. Claimant reports neck strain with stiffness and headaches since the impact and has not yet seen a physician. Claimant states they are not represented by an attorney and prefers to handle the claim directly. Advised claimant of medical evaluation options and asked for provider details once treatment begins.

October 1, 2024 - Reviewed photos submitted by insured. Visible damage to the rear driver-side door and bumepr cover on the claimant's vehicle, with scuffing consistent with a glancing contact. Insured's statement confirms the claimant's vehicle was in the adjacent lane and the insured failed to check the blind spot before merging. Liability appears to rest with the insured.

October 2, 2024 - Claimant sent copy of urgent care visit notes diagnosing acute neck strain and recommending physical therapy and over-the-counter anti-inflammatories. Records reviewed and added to file. Requested itemized bills and any prior neck or back treatment history for the past several years.

October 11, 2024 - Sent written estmiate to claimant for repair of the rear quarter panel and door, with a copy to the body shop of their choice. Bodily injury evaluation remains open pending completion of physical therapy and a follow-up report from the treating provider. Claimant informed of next steps and of the right to request a review if they disagree with any part of the settlement position.

Statement of:	Elizabeth Walker

Date:	September 12, 2024

Q: Thanks for taking the time to speak with me today. This recorded statement is about the sideswipe collision you were involved in while changing lanes in League City, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state your full name and the address where you currently receive mail.

A: I'd rahter keep my personal details off the recording for now, but I can confirm I'm the driver of the vehicle involved.

Q: That's fine. Can you describe what you were doing right before the collision?

A: I was driving in the right lane on a multi-lane road, and I signaled to move into the left lane because traffic was slowing ahead. I checked my mirror and glanced over my shoulder, and I didn't see anything beside me.

Q: When you moved over, what happened?

A: The other car was in my blind spot, and it clipped the side of my vehicle. I felt a hard jolt and both cars kind of pushed toward the shoulder before I got stopped.

Q: Did you have any injuries at the scene?

A: Not right away. I felt fine at first, but by the next morning my neck was stiff and sore, and turning my head to the left really hurts. I've been taking over-the-counter pain relievers and using a heating pad.

Q: Have you seen a doctor or other medical provider since the accident?

A: Yes, I went to urgent care and they diagnosed a neck strain. I was told to rest, avoid heavy lifting, and follow up if it doesn't improve.

Q: Thank you. Is there anything you'd like to add to your statement?

A: No, I think that cvoers it. I'm just hoping the repairs and medical costs get sorted out soon.

Q: Understood. This concludes the recorded statement. Thank you.

A: Thank you.
