On arrival at the location in League City, Texas, I observed two vehicles stopped in the right and center lanes of the roadway with visible contact damage to the left rear quarter panel of Driver 2's vehicle and the right front fender of Driver 1's vehicle. Driver 1 stated that they were traveling in the center lane and signaled a lane change into the right lane when Driver 2's vehicle moved into the same space, causing a sideswipe. Driver 2 stated that they checked their mirror, did not see Driver 1's vehicle, and believed the lane was clear before the contact occurred. Driver 1 repotred neck strain and pain with rotation of the head and was transported to a local meidcal facility for further evaluation.
