Description of the accident (claimant's words)

I was driving east on a two-lane road in Katy, Texas, moving slowly through a light rain when the vehicle in front of me stopped suddenly. I braked as hard as I could, but the car coming toward me in the oncoming lane drifted over the center line, and we ended up in a low-speed head-on collision. Both vehicles were moving at what I would estimate as under 15 miles per hour at impact. Airbags did not deploy in my car. I got out and checked on the other driver, who was shaken but able to speak. My neck began to ache within an hour, and by the next morning I had a stiff, sore feeling when turning my head. I have since been seen by a doctor, who diagnosed a neck strain and recommended physical therapy. I am submitting this statement to document the incident and my injury.
