Description of the accident (claimant's words)

I was driving home from work on a weekday afternoon when the traffic ahead of me slowed to a stop near the intersection in Pearland, Texas. I braked gently and came to a full stop behind a line of cars. The vehicle behind me did not stop in time, and I was struck from bheind at very low speed. Shortly afterward, I noticed a stiff, aching pain in my lower back that grew worse over the next hour. I did not hit my head, and the airbags did not deploy. My car sustained minor bumper damage, and I had it photographed at the scene. I sought medical evaluation the same day, where I was diagnosed with a back strain and advised to rest and attend physical therapy. I am submitting this statement to document the accident and my resulting injury.
