Claim Notes

Claim number:	C-1148
Claimant:	Alexander Martin
Adjuster:	Darin Tyler

6-9-24 - Claim opened for a side impact collision at an intersection. Insured vehicle was struck on the driver side by a vehicle that entered on a red signal. Police reprot requested. Claimant reports a concussion and is currently represented by counsel, so all contact is to go through the attorney's office.

6-14-24 - Received the police report and two scene photographs from the insured. Both vehicles show damage consistent with a T-bone impact. Liability appears clear on the other driver. Sent acknowledgment letter to claimant's counsel confirming receipt of the representation notice and requesting medical authorizations and treatment records.

6-21-24 - Counsel's office called to say the claimant was seen at an urgent care facility the day after the accident and was diagnosed with a concussion. Requested itemized bills and the initial exam notes. Noted that the claimant has missed several days of work and wants a wage loss statement from the employer.

6-27-24 - Vehicle inspection completed at the body shop. Repair estimate received and reviewed for the driver side door, quarter panel, and airbag replacement. Estimate sent to the at-fault carrier for subrogation. Counsel was informed that the property damage claim is being handled separately from the bodily injury claim.

6-28-24 - Follow-up with claimant's counsel. Medical records received showing ongoing headache and dizziness symptoms, with a referral to a neurologist. Counsel indicated a demand package will follow once treatment is complete. Diray set for review in thirty days and reserves reviewed for the bodily injury exposure.

Recorded Statement

Claim number:	C-1148
Statement of:	Alexander Martin
Taken by:	Darin Tyler
Date:	6-12-24

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather keep my name off the recording, if that's okay. You can use the claim file for that.

Q: That works. Can you tell me where you were when the collision happened?

A: I was driving through the intersection in Conroe, Texas, heading north on the main road. The light had been green when I got close.

Q: Which direction was the other vehicle coming from?

A: It came from my left, from the cross street. It didn't stop. I saw it at the last second and tried to brake, but it hit the driver's side door.

Q: Were you wearing your seatbelt?

A: Yes, I was. The airbag on my side went off, so I hit my head on the window frame.

Q: Did you lose consciousness at any point?

A: I don't think I fully blacked out, but I was dazed for a while. I remember the paramedics asking me questions I couldn't answer right away.

Q: How are you feeling now?

A: Still getting headaches, and bright lights bother me. The doctor said it's a concussion and told me to limit screen time and rest as much as I can.

Q: Have you been seen by a physician since the accident?

A: Yes, I went to the emergency room that same day and I've had two follow-up visits. I'm waiting on a referral to a neurologist.

Q: Is there anything else you'd like to add to your statement?

A: Only that I want to make sure the other driver's account gets documented too. I'm sure they'll say the light was theirs.

Q: Thank you. This concludes the recorded statement.
