Description of the accident (claimant's words)

I was stopped at a red light on Highway 3 in League City, Texas, waiting to turn left, when I felt a hard jolt from behind. My head snapped forward and then back against the headrest. My car was pushed into the intersection and the airbags deployed. I did not lose consciousness, but I felt dizzy, had a severe headache, and felt confused and nauseous for the next several hours. A responding officer asked me sveeral questions and noted that I seemed disoriented. I was taken by ambulance to the emergency room, where I was diagnosed with a concussion and told to rest, avoid screens, and follow up with my doctor. I have had to take time off work and still experience headaches and sensitivity to light. My vehicle has damage to the rear bumper, trunk, and taillight assembly.
