Harbor Point Mutual Auto Insurance

Bodily Injury Unit

Claim Notes

Claim number:	C-1151
Claimant:	Mark Burns
Adjuster:	Valerie Rodriguez

09/12/2024 - Claim opened following a side impact collision at a signalized intersection. Insured vehicle was struck on the driver side by a second vehicle that entered the intersection during the red phase. Claimant reports a wrist fracture from the airbag deployment and impact with the door frame. Police report requested and vehicle photos received from the insured.

09/18/2024 - Spoke with the claimant by phone. Claimant is not represented by an attorney and states they are handling the injury side of the claim directly. Explained the claims process, the documents needed, and the timeline for a bodily injury evaluation. Claimant has not yet received treatment records from the emergency department and will forward them once available.

09/19/2024 - Reviewed the responding officer's report. Officer documented signal phase observations from two independent witnesses, both consistent with the at-fault vehicle running the red light. Liability appears clear in favor of the insured. Recorded the at-fault driver's insurer and policy details for subrogation.

09/23/2024 - Received medical records from the claimant showing a closed fracture of the distal radius, treated with immobilization and a follow-up orthopedic appointment scheduled. Claimant reports limited grip strength and missed several days of work. Requested wage documentation and an itemized statement of medical charges.

09/27/2024 - Followed up with the claimant regarding outstanding documents. Wage verification and the orthopedic follow-up note are still pending. Claimant indicated a preference for direct communication by email. Reserves reviewed and adjusted to reflect the reported injury. File remains open pending receipt of the remaining records and a settlement evaluation.

Recorded Statement

Claim number:	C-1151
Statement of:	Mark Burns
Taken by:	Valerie Rodriguez
Date:	09/10/2024

Q: Please state your full name for the record.

A: [Claimant Name].

Q: Thank you. Can you tell me where you were when the collision occurred?

A: I was driving through the intersection in Pearland, Texas, heading east on the main road. The light had been green for me as I approached.

Q: What happened next?

A: A vehicle coming from the cross street ran through its red light and hit the driver's side of my car. It was a side impact, right where my door is. I felt the whole car shove sideways.

Q: Were you able to avoid the other vehicle at all?

A: No. It came into the intersection too fast for me to react. I hit the brakes and gripped the steering wheel, but there was no time.

Q: Did you lose consciousness or hit your head?

A: I don't think so. I remember everything. My left arm got slammed against the door frame and the center console, and I tried to brace myself with my hand.

Q: Where did you feel pain or injury?

A: My left wrist. It swelled up almost immediately, and I couldn't move my fingers without sharp pain. I also have some sorneess in my shoulder and ribs.

Q: Did you receive medical treatment?

A: Yes. The paramedics checked me at the scene, and then I was taken to the emergency room. They took X-rays and confirmed a fracture in my wrist. I've since seen an orthopedic specialist, and I have a splint and follow-up appointments scheduled.

Q: Did anyone witness the collision?

A: There was a pedestrian at the corner who I believe saw the other driver run the light. I don't have their contact information, but the police report may list witnesses.

Q: Is there anything else you'd like to add?

A: Only that I was following all traffic rules and did nothing to cause this. I'm still dealing with the pain and limited use of my hand, and I'm concerned about time off work.

Q: Thank you. This concludes the statement.

A: Thank you.
