Claimant:	William Blake
Adjuster:	Jerry Hanson

2024-05-13 - Claim opened for a parking lot collision involving two insured vehicles. Claimant reports being struck while backing out of a space. Claimant reports a concussion and has been referred to treatment. Claimant is now represented by counsel, and all further contact is to go through the attorney's office.

2024-05-18 - Spoke with claimant's attorney's office to confirm representation and request the medical records authorization form. Office confirmed a signed authorization will follow. Liability appears disputed at this stage, with both parties stating the other vehicle was moving at the time of impact. Scene photos requested from the insured.

2024-05-22 - Reviewed the police report on the lot collision. The report notes minor body damage to both vehicles and lists no citations issued. Witness statement from a nearby shopper received and filed. Witness places the claimant's vehicle as the one that initiated movement from the parking space.

2024-05-23 - Received initial treatment records from the claimant's provider, which document a concussion diagnosis and recommend follow-up with a neurologist. Attorney's office requested that the bodily injury evaluation be deferred until the traeting physician issues a prognosis. Deferral noted in file. Reserve review scheduled for next cycle.

2024-05-28 - Attorney's office submitted a demand package including treatment summaries and wage loss documentation. Package forwarded to the claims supervisor for review. Adjuster will coordinate an independent medical review and confirm liability position once the supervisor has responded. No settlement offer to be made until the review is complete.

Recorded Statement

Claim number:	C-1154
Statement of:	William Blake
Taken by:	Jerry Hanson
Date:	2024-05-07

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, if that's okay. You already have it on the claim.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was in the parking lot of a grocery store in Baytown, Texas. I had just pulled into a space near the front entrance.

Q: Can you desrcibe how the collision occurred?

A: I was backing out of the space slowly. I checked my mirror, didn't see anything, and then I felt the impact on the rear driver's side of my car. The other vehicle was coming down the aisle fairly fast, I think.

Q: Did you see the other vehicle before the impact?

A: Not really. I glanced over my left shoulder but the view was blocked by a column of shopping carts and a parked van.

Q: How fast were you moving when you felt the impact?

A: Maybe walking pace. I wasn't going much faster than that.

Q: Were you injured in the collision?

A: Yes. My head hit the side window hard. I've been diagnosed with a concussion. I have headaches, I get dizzy when I stand up too quickly, and bright lights bother me a lot.

Q: Are you currently receiving treatment?

A: Yes, I'm seeing a doctor and I'm resting as much as I can. I've been told to avoid screens for long periods.

Q: Is there anything else you'd like to add to your statement?

A: Only that I was trying to be careful. I'd like to know what the next steps are for the claim.

Q: Thank you. We'll follow up with you in writing.
