Claim number:	C-1157
Claimant:	Carly Jimenez
Adjuster:	Jerry Hanson

03/03/2025 - Claim opened following report of a collision at an intersection involving a left turn. Insured vehicle was turning left when it struck a vehicle traveling straight through. Claimant reports neck and back strain and states she was seen at urgent care. Claimant is not represented by counsel. Requested police report and photos of both vehicles.

03/05/2025 - Spoke with claimant by phone. She describes stiffness in the neck and lower back, with pain worsening after sleeping. She has not yet received a diagnosis beyond soft tissue strain. Explained the claims process and that she may submit medical bills for review. Aksed her to send treatment records when available.

03/12/2025 - Reviewed the ploice report. The responding officer cited the insured driver for failure to yield during a left turn. Scene diagram is consistent with the claimant's account of the vehicle path. Witness statement on file supports the claimant's version that the oncoming vehicle had the right of way. Liability appears clear against our insured at this stage.

03/20/2025 - Received photos of the claimant's vehicle showing rear door damage and a cracked taillight. Repair estimate requested from preferred shop. Claimant indicated she has not retained an attorney and asked whether she should. Advised her that she is free to seek independent advice and that I can only discuss the claim handling process with her.

03/27/2025 - Medical records received from urgent care reflecting diagnosis of cervical and lumbar strain, with muscle relaxants and physical therapy referral. Claimant reports she is attending therapy twice weekly. No surgery recommended at this time. Reserve adjusted to reflect ongoing treatment. Will follow up in thirty days for updated status and therapy progress.

Statement of:	Carly Jimenez

Date:	03/02/2025

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but I can confirm I'm the driver of the vehicle involved in the collision.

Q: That's fine. Can you describe where the accident happened?

A: It was at a signalized intersection in Katy, Texas. I was turning left across the lanes to get into a shopping center driveway.

Q: What were the weather and lighting conditions?

A: It was clear and sitll daylight. The pavement was dry.

Q: Walk me through what happened when you started the turn.

A: I waited for the light to change and saw the oncoming traffic had a green. I thought I had a gap, so I started to go. Then a car came through much faster than I expected and hit the front passenger side of my vehicle.

Q: Did you see the other vehcile before you began your turn?

A: Not clearly. I looked, but I didn't see it until it was almost on me.

Q: Did you feel any pain at the scene?

A: Not right away. My neck felt stiff, and within an hour my lower back was really sore. Since then I've had headaches and I can't turn my head fully to the right.

Q: Have you seen a doctor or received any treatment?

A: Yes, I went to urgent care the same day. They diagnosed a neck and back strain and gave me muscle relaxers and a referral to physical therapy. I'm still going to therapy twice a week.

Q: Do you have any prior injuries to your neck or back?

A: I had some minor back soreness a few years ago from lifting, but nothing that required treatment, and it resolved on its own.

Q: Is there anything else you'd like to add to your statement?

A: Only that I've been missing work because of the pain, and I'd like the claim handled as quickly as possible.

Q: Thank you. This concludes the recorded statement.
